

Food Web Introduction

Directions:

1. On the food web below, label the organisms with the following terms. Some organisms may have more than one label associated with them:
 - Producer
 - Herbivore
 - Carnivore
 - Primary Consumer
 - Secondary Consumer
 - Tertiary Consumer
 - Autotroph
 - Heterotroph
2. There is not an omnivore represented on this web. Define what an omnivore is and what it would look like represented on a food web. Feel free to add it to the food web, if possible.
